E. Fleming L'Engle, representing The Arizona Smelting company, arrived in Kingman Thursday evening and has gone out to the Chloride section to make an examination into the ore producing conditions. The company represented by Mr. L'Engle is one of the largest concerns in the southwest, having a capacity for the treatment of 800 tons of lead and copper ores daily. The plant is not yet in commission, but a sampler has been put in and ores are being brought preparatory to blowing in. Mr. L'Engle will spend about a week in the district and will make contracts for the delivery of ores to the works at Humboldt, on the Prescott & Eastern railroad.

H. G. Latter, who is interested in the Sun Cloud mine, arrived in Kingman yesterday morning from Milwaukee. In company with R. P. Wheeler he will go out to the mine today. The mine is being equipped with a whim and soon the work of sinking the shaft will be under way. Mr. Wheeler expects to make of the Sun Cloud one of the best paying mines in the territory.

The big mill of the Minnesota Connor is working full blast. The plant was put in commission last Monday, since which time it has been doing good work on a nice grade of ore. It is expected that about 10,000 tons will be treated daily as soon as the machinery is in smooth working order. With the new ore bodies being opened up the mine will soon have a large tonnage of ore ready for shipping.

It is reported that the Cyclopic mine will soon be operated on a large scale by the new company having it under bond. The present plant is inadequate to the demands of a mine the size of the Cyclopic and larger machinery will have to be put in to handle the output. The ore is said to be of high grade and the outcrop of vein matter shows it to be of great width.

Judge J. H. West and C. W. Miller came up from Needles this morning and are being visited with their many friends. Judge West is the popular supervisor from the desert section of San Bernardino county and Mr. Miller is an experienced civil engineer of Needles.

Henry Lovin returned from Gold Road Thursday last, where he inspected the ruins of the lodging houses recently destroyed by fire. He is arranging for the erection of a large, roomy two-story hotel building and expects to have it under way in ten days.

Paul Butts, of Gold Road, passed a civil service examination and has been assigned to a position in the Los Angeles postoffice. He departed Thursday evening to take up his new duties and will be followed later by his family.

Leroy Anderson, the well known Prescott attorney, writes this paper that he will be at Hotel Beale, Kingman, October 12th, 13th and 14th, and will also be here during the session of the district court.

I. M. George and family are home again after an enjoyable visit with friends and relatives in a number of Atlantic seaboard cities.

Peter Caffrey and John Jamison have gone to the south part of the county, where they will prospect for several weeks.

Mrs. A. H. Harrell will be in Kingman from Oct. 13 to 15, with a nice line of millinery.

Cures Winter Cough.

J. E. Gover, 101 N. Main St. Ottawa, Kan., writes: "Every fall it has been my wife's trouble to catch a severe cold, and therefore to cough all winter long. Last fall I got for her a bottle of Horehound Syrup. She used it and has been able to sleep all night long. Whenever the cough troubles her, two or three doses stops the cough and she is able to be up and well." 25c, 50c, \$1.00 Sold by H. H. Watkins' drugstore.

Should you need lumber for building or timbers for mining call on Tarr & McComb, inc.

Two bunkhouses at Gold Road, owned by Henry Lovin, were completely destroyed by fire last Tuesday evening, about five o'clock. The bunkhouses are floored tents with wooden partitions and contained about twenty rooms. These rooms were occupied by miners and those occupied in business pursuits in the town. Many hundreds of dollars belonging to the lodgers were consumed in the flames. Mrs. Gibson, the school teacher at that place lost everything she had, while a young lady from Needles lost clothing and \$75 in cash. A young miner lost \$200 in greenbacks and drafts on eastern banks to the amount of nearly \$1000. The losses of the ladies will be made by the big hearted miners. The loss to Mr. Lovin in buildings and furniture will amount to \$1500, there being no insurance.

This office is in receipt of an inquiry regarding the death or supposed death of F. D. English, of Whittier, California. Mr. English left home last spring to prospect in Arizona and Nevada, since which time nothing has been heard from him. It was reported that he had perished somewhere between Kingman and Searchlight, but no person has been reported dead from the section named this year. Mr. English is described as follows: Heavy set, rather bloated looking man, above medium height, wears heavy black mustache, grey eyes, and dark hair. Any person knowing the whereabouts of Mr. English will confer a favor on this office by reporting same.

Angus W. Dunn, of Columbus, Ohio, arrived in Kingman Sunday evening last and Thursday accompanied H. H. Watkins to Prescott, from which place they will go to the Verde country on an extended hunting trip.

George Kemple is in from Chloride and reports that camp on the eve of a boom. His father, who was recently injured by a fall from a wagon, is slowly recovering.

George Klingbury, accompanied by a mining man from Los Angeles, arrived in Kingman this morning and left for the Tyro group of mines.

The following letters remain uncalled for at the Kingman postoffice: Felipe Alcaraz, Juan Garcia, M. McDonald, Mrs. Leatha Rogers.

J. T. Wright, commonly known as Whistling Dick, returned from Hot Springs, Ark., last Thursday very much improved in health.

Lewis Stizel, one of the best known miners of the county, came up from the San Francisco mine the first of the week.

A fine line of mens \$2. and \$3 shirts reduced to \$1.50. The Emporium,

The Best Doctor.

Rev. B. C. Horton, Sulphur Springs, Texas, writes, July 19, 1899: "I have used in my family Ballard's Snow Liniment and Horehound Syrup, and they have proved certainly satisfactory. The liniment is the best we have ever used for headache and pains. The cough syrup has been our doctor for the last eight years. 25c, 50c, \$1.00. Sold by H. H. Watkins' drugstore.

John Barnes came up from Bill Williams Fork, Thursday last, and will remain in Kingman several days.

Cures Chills and Fevers.

G. W. Wrirt, Nacogdoches, Texas, says: "His daughter had chills and fever for three years; he could not find anything that would help her till he used Herbine. His wife will not keep house without it, and cannot say too much for it." 50c. Sold by H. H. Watkins' drugstore.

The October term of the district court will convene in Kingman, on Monday, October 16. The criminal business will consume several days and the civil business may round out the week.

The board of supervisors were in session this week and transacted the regular quarterly business.

Saved His Life.

J. W. Davenport, Wingo, Ky., writes, June 14, 1902: "I want to tell you I believe Ballard's Snow Liniment saved my life. I was under the treatment of two doctors and they told me one of my lungs was entirely gone and the other badly affected. I also had a lump in my side. I don't think that I could have lived over two months longer. I was induced by a friend to try Ballard's Snow Liniment. The first application gave me great relief; two fifty cent bottles cured me sound and well. It is a wonderful medicine and I recommend it to suffering humanity." 25c, 50c, and \$1.00. Sold by H. H. Watkins' drugstore.
